

## **CLARIFICATION NOTE #2**

**RFP#KYR 01/2016**

### **Provision of travel management services (TMS) to the OSCE Center in Bishkek**

One of the potential bidders asked an answer to which OSCE Centre provided below clarification:

#### **Question #1**

Can our company submit a joint bid with another company?

We are planning to apply as a joint-bid with a Kyrgyz company if this is eligible under this tender.

#### **Answer #1:**

Joint bids are eligible. Please kindly include in your bid the document establishing the consortium between your organisation and your partner organisation, please indicate who will be the leader of this consortium and who will sign the contract with OSCE on behalf of the consortium in case the contract is awarded. This legal power to one member to represent consortium should be somehow reflected in the document establishing consortium or other document. One consortium member should take the whole liability for execution of the contract.

Segregation of tasks/responsibilities between consortium members under the planned contract should be reflected/described in the proposed approach for implementation of the assignment presented in your bid.
