## **Clarification Note No. 1**

**Invitation to Bid No. ITB/SEC/06/2018**

**Supply and Delivery of Different Types of Toyota Vehicles for OSCE**

---

---

The Organization for Security and Co-operation in Europe has received a request for clarification from potential bidders.

In accordance with Article 17 of the ITB Documents the OSCE would like to provide the following clarification:

### **Question:**

Can you please confirm to bidder final destination of the cars to know which type of engine bidder have to offer you and if you need the car to have COC documents

### **Answer:**

The final destinations are listed in each document – Technical Specifications – under After-Sales Services and Warranty.

We need the COC documents for all vehicles that will be delivered to the OSCE Institutions, South-East Europe and Eastern Europe. Preferably the COC documents are also to be issued for vehicles that will be delivered Caucasus and Central Asia. But if the COC documents are not available, we need a replacement COC – the document that contains the basic technical details of the vehicle. A sample of document in such cases is attached hereto.

Company Name

Technical Details – COC Replacement

1.	Vehicle Make	
2.	Vehicle Model
