**SEC/RFP/19/2018 – Provision of satellite voice and data services and supply of satellite
communications hardware equipment to the OSCE
Clarification Note 2**

The Organization for Security and Co-operation in Europe has received requests for clarification from potential Proposers on Wed 19/09/2018 13:21 with regard to Request for Proposal SEC/RFP/19/2018. The OSCE would like to provide the following clarifications:

Q1: “From the below list we have replaced the “Thuraya XT-PRO SAT VDA/Vehicle” with the “APSI Vehicle Kit”. Also we do not have the “Thuraya XT PRO SAT Office” in our portfolio, maybe you meant the Thuraya XT-PRO Dual SIM handset?”

A1: In case the Proposer cannot deliver “Thuraya XT-PRO SAT VDA/Vehicle” it is possible to replace it with “APSI Vehicle Kit”.

Q2: “Also a minor note on # 31 where the you have mentioned “FDU-XT for Thuraya XT” also works for the Thuraya XT-PRO. So the name is FDU-XT for XT and for the XT-PRO.”

A2: In case the Proposer cannot deliver docking station “Thuraya XT PRO SAT Office”; it is possible to offer “FDU-XT for Thuraya XT” that also works for XT PRO terminals”.

Q3: “Can you please advise if the Thuraya distributors who were not invited to this tender can still contact you through the website link if they want to participate?”

A3: This Request for Proposal is open for any economic operator on the market.

This Clarification Note is disclosed simultaneously to all economic operators.
