

Organization for Security and
Co-operation in Europe

Date: 2 October 2018

**SEC/RFP/19/2018 – Provision of satellite voice and data services and supply of satellite
communications hardware equipment to the OSCE
Clarification Note 4**

The Organization for Security and Co-operation in Europe has received requests for clarification from potential Proposers on Mon 01/10/2018 18:51 with regard to Request for Proposal SEC/RFP/19/2018. The OSCE would like to provide the following clarifications:

Q1: “As mentioned there is a requirement for Ka band service, please inform which Satellite are you referring to or which coverage is a target for the Ka band requested service?”

A1: The requirement does not refer to a particular satellite, we are interested in if Internet Access Services of Ka band are used/provided in Central Asia Countries and in Europe. In case there are no available services for the whole area, proposals can be made for that part of the area where Ka band Internet Access service is available.

Q2: “As mentioned there is a requirement for Ka band platforms, please inform which Platforms are already in use? Will you need additional platforms? Are they fixed or mobile platforms?”

A2: The OSCE uses Individual user Internet Access Ka band platform with a limited traffic volume.

This Clarification Note is disclosed simultaneously to all economic operators.
