Clarification Note # 1

Request for Quotation (RFQ) No. PR 514646 - Provision of IT training: VMware vSphere: Fast Track and Troubleshooting Workshop; Linux Essentials (Introduction to Linux) and Linux System Administration

In accordance with issued RFQ No. PR 514646 - Provision of IT training: VMware vSphere: Fast Track and Troubleshooting Workshop; Linux Essentials (Introduction to Linux) and Linux System Administration, the OSCE would like to provide the following clarifications to the RFQ Documents.

Question 1: For requested IT training Linux Essentials (Introduction to Linux)" 4 days/32 hours – we can offer the course with duration 5 days/40 hours. If you'll need to complete the training within 4 days, we can teach within this period, but in this case the students will need to devote not 8 hours, but 10 hours per day (from 09:00 till 19:00).

Answer 1: Course duration 4 days or 32 hours for Linux Essentials (Introduction to Linux) is a minimum requirement. Bidders may offer reasonably longer training duration, when it is required to complete the course.

Question 2: For requested IT training Linux System Administration 5 days/40 hours we can offer Linux Administration, Part I (5 days/40 hours) and Linux Administration, Part II (5 days/40 hours). We cannot put both of them together to cover 5 days/40 hours only.

Answer 2: Linux System Administration shall cover basic knowledge and skills required for Linux administration (not enhanced / not advanced). Students are not expected to take an enhanced training within this request.

Question 3: If all trainings will be attended by the different students or they will be the same?

Answer 3: Students A and B will attend all four training courses. The third student may change.

Please, note that due to the Clarification No. 1 issued in accordance with the opened Requests for Quotation (RFQ) No. PR 514646 – Provision of IT training: VMware vSphere: Fast Track and Troubleshooting Workshop; Linux Essentials (Introduction to Linux) and Linux System Administration, the deadline for receipt of quotations is extended till **11:00 am Kyiv time, 25 October 2018**.

Sincerely,

Emina
Emina Sibic,
Chief of Fund Administration,
OSCE Project Coordinator in Ukraine
