**SEC/RFP/24/2019 – Provision of Dissemination of the research findings of the OSCE-led Survey on  
the Well-being and Safety of Women  
Clarification Note 1**

---

The Organization for Security and Co-operation in Europe has received requests for clarification from potential Proposers on Mon 09/09/2019 16:39 with regard to Request for Proposal SEC/RFP/24/2019. The OSCE would like to provide the following clarifications:

Q1: “I would like to kindly ask you for more information regarding the expected scope of production of new offline/online materials since these would require translation services to enlisted local languages?”

**A1: At least 2 new outputs (offline/online materials) shall be produced in addition to the already existing materials listed under the table “Overview of existing outputs” in Point 7 of Annex C of the Request for Proposals. The bidder has the possibility to choose format of the new outputs, provided that the output is complementary to the already existing materials. The new outputs shall aim to reach as many persons from the target audience as possible.**

Any other additional/new outputs, which contain a more substantive content, shall be included under Lot 2.

Please note that if an output is created, the output would need to be translated into all local languages of the relevant OSCE participating States, as outlined under the table “Local languages in OSCE participating States” in Point 3.8 of Annex C of the Request for Proposals.

This Clarification Note is published on the OSCE website to all economic operators known to be interested.
