Clarification Note # 3

Invitation to Bid (ITB) No. UKR/01/2020 - Supply and Delivery of Stand-Ready Vehicle, Laboratory Control and Technical Equipment for Mobile Chemical Identification Laboratory and Provision of Associated Services on Training

In accordance with issued ITB No. UKR/01/2020 - Supply and Delivery of Stand-Ready Vehicle, Laboratory Control and Technical Equipment for Mobile Chemical Identification Laboratory and Provision of Associated Services on Training, the OSCE would like to provide the following clarifications to the ITB Documents:

Question 1: LOT II, item 6 Notebook computer: How important is VGA port in the computer? Modern computers with such technical requirements as requested usually don't have VGA ports. Can we offer the computer without this port?

Answer 1: Notebook computer models that don't have VGA port but meet all other technical requirements shall be considered.

Sincerely,

Emina Sibic,
Chief of Fund Administration,
OSCE Project Coordinator in Ukraine
