

Reference No.: ITB/SMM/29/2021

Supply and delivery of VHF Equipment for the OSCE Special Monitoring Mission to Ukraine (SMM)

Clarification to Bidders

	Question	Answer
1	Could you please be so kind and estimate the <u>annual quantities of each line</u>	In Annex E the annual spend was indicated for the understanding of the overall budget utilization.
2	Could you kindly let me know do you consider in tender ITB/SMM/29/2021 another brand instead of Motorola	Only Motorola is considered as it is mentioned in the Technical Compliance form (cables , antennas and other accessories may be another brand as it is mentioned in the form)
3	Approximately what volumes of equipment are planned to be purchased for the whole period?	In Annex E the annual spend was indicated for the understanding of the overall budget utilization.
4	Please advise whether the requested items have to meet the technical and environmental requirements of the currently operating radio network or the end user wants to build a new system. If there will be a new system please advise the technical requirements and mode of operation of the following items: <ul style="list-style-type: none">- External/internal cabinet with heating/cooling system- Trbonet server software with dispatch functions, Voice recording ,GPS- All the specific items belonging to the antenna network (duplexers, antennas)	Equipment is needed for existing (currently operating) system only.
5	The technical bid contains 2 items with same model number but different description: <ul style="list-style-type: none">- IMPRES Single Unit Charger (EU Switch mode power supply) WPLN4226A- IMPRES Multi-Unit Charger WPLN4226	That is mistype; WPLN4226 is a Single Unit Charger, similar to WPLN4226A. Both models (WPLN4226 and WPLN4226A) are correct and interchangeable. Please ignore description and look at the part numbers

	Please advise which is correct, the single unit charger model number is WPLN4226. Please solve the contradiction	
6	What is the difference between Impres Multi-unit charger and Impres multi unit charger (6 slot) – item #7 and #8? The complete multi unit charger is PMPN4289 Impres 6-Way Multi-Unit Charger with Euro cord for radio or battery.	WPLN4226 is a Single Unit Charger (the previous question). IMPRES Multi-Unit Charger (6 slots) WPLN4218 is required, PMPN4289 is acceptable as a replacement.
7	The PMNN4407 Li-ion 1600 mAh battery has been cancelled, instead of it the replacement is PMNN4412 NiMh 1400 mAh battery, please advice whether you accept this modification.	acceptable
8	The PMNN4409 Li-ion 2250 mAh battery has been cancelled, instead of it the replacement is PMNN4544A Li-ion 2450 mAh battery. Please advise whether you accept this modification.	acceptable
