

**Clarification No 1**

**"Supply and delivery of IT Equipment"**

**Ref.: RFQ/KOS/627317/2021**

**Question 1.**

Item no. 1 - Laptop (Notebook computer)

Specification provided is quite old, especially processor requirement for 7-th generation of Intel Processors announced in 2017. This processor is end-of sale and end-of-production for a long time, while the latest Intel processor generation is 11-th announced in 2021.

Does this means that your requirement is for used, or so called "refurbished" Notebooks?

**Answer 1.**

No, OMIK is not requesting used or so called refurbished notebooks. You can offer new models.

**Question 2.**

Item no. 2 – Desktop computer

Specification for processor of this item is very old. They are launched in 2016-2017.

Does this means that your requirement is refurbished equipment or latest models must be offered?

**Answer 2.**

No, OMIK is not requesting used or so called refurbished notebooks. You can offer new models.
