Clarification Note No.2

Invitation to Bid (ITB) No. UKR/08/2021 - Supply and Delivery of Underwater Diving Equipment, Surface Stations for Underwater Communication, Inflatable Six-seater Boats with Flooring, Four-Stroke Petrol Engines and Underwater Hand Held Metal Detectors

In accordance with issued ITB No. UKR/08/2021 - Supply and Delivery of Underwater Diving Equipment, Surface Stations for Underwater Communication, Inflatable Six-seater Boats with Flooring, Four-Stroke Petrol Engines and Underwater Hand Held Metal Detectors:

Question 1. In requirements to item 12 of Lot-I "Short model open heel fin" the material required is techno polymer and the max weight is up to 1,020 gr. Shall rubber be acceptable as material for short fins and the weight in this case shall be up to 1,450 gr?

Answer 1. The rubber as the material for short fins will be acceptable. As the rubber as material is heavier, we can accept an increase in the weight of fins up to a total of 1500 gr.
