ITB No. OMIK/01/2013 -Provision of GPS Vehicle Tracking and Data Capturing System to the OSCE Mission in Kosovo

Clarification Note No. 4

The OSCE received a request for clarification from potential bidder. In accordance with Article 8 “Clarification of Bidding Documents” of Section I of the Bidding Documents the OSCE would like to provide the following clarifications:

Question:

This service is requested for tracking vehicles in Kosovo. In the bidding documents it's also stated that GSM operator should work in other neighbouring countries to track the vehicles. Will the vehicles often go out of Kosovo or is this just a possibility?

Answer:

The vehicles are often travelling out of Kosovo. However, only in case of an emergency, there might be a need to use GSM roaming by sending sms to the vehicle for identifying its position. Thus, sms charges are expected not to affect the monthly service rates.
