In accordance with issued RFQ No. PRs 340696 & 340689 - Supply and Delivery of Body Armors and Kevlar Helmets; Supply and Delivery of Ballistic Helmets, the OSCE would like to provide the following clarifications to the RFQ Documents:

**Question 1:** We have one more question regarding the ballistic level: What do you want the internal soft armor protection level to be? NIJ IIIA or just fragmentation protection?

**Answer 1:** As for ballistic helmets, we need the protection level not lower than IIIA according to the NIJ 0101.04.

Sincerely,

Olga Jukova,  
Chief of Fund Administration,  
OSCE Project Coordinator in Ukraine
