RFP SER/51/2014 Tailor made trainings on Project Cycle Management

1. The document mentions the following: Mentoring in the course of the Contract (4 mentors x 20 man days each), including consultation services: online, telephone and direct support to trainees, and assisting submitting project proposals in English.

Does this mean you need four different experts for the mentoring? If so, is it needed that these 4 different mentors are also delivering the training programme in Serbia? Or can this also be one or two trainers?

Four mentors are needed for mentoring and delivering training courses that will be organized and delivered in Belgrade, Serbia.

2. I would like to know if it is possible to submit an offer with a consortium of 2 or 3 companies?

Yes, it is possible; please note the Consortium has to be registered as a legal entity at the Republic of Serbia, or country of origin. In addition, within the Consortium, there has to be one Lead Partner that will be clearly stated.
